1501 Lee Highway, Suite 202  
Arlington, Virginia 22209  
Phone: (703) 841-9707

Impartial Secretary/CEO  
Stephen R. Lindauer

**The following constitutes an official action of the National Maintenance Agreements Policy Committee, Inc.:**

---

Bulletin XXVIII – 1 \* National Maintenance Agreement

Subject: Article XXVIII – Addenda To National Maintenance Agreement

## **Proper Implementation of an Approved Addendum**

The Committee was requested to provide clarification as to when an Employer may implement an Addendum once it has been approved by the National Maintenance Agreements Policy Committee (NMAPC) at a particular facility.

## **Conclusion**

The Committee acknowledges that once an Addendum has been formally approved at a facility by the NMAPC then it shall be recorded within the NMAPC's electronic database and made available for all Employers seeking to work under the terms of the National Maintenance Agreements (NMA) at the aforementioned facility.

The Committee determined that any Employer seeking to invoke the Addendum must be in possession of a current approved Site Extension Request (SER) that contains the appropriate Addendum approval language. Therefore, Employers that previously requested and are in possession of approved SERs at a facility, prior to an Addendum having been approved by the NMAPC, must submit new SERs for said facility in order for the Addendum to become effective.

**Important Note:** The NMAPC Administrative Office maintains records of all approved Addendums. When an Addendum has been approved at a facility by the NMAPC the appropriate Addendum language will automatically appear on all future SER requests made by an Employer.
