**The following constitutes an official action of the National Maintenance Agreements Policy Committee, Inc.:**

---

Bulletin No. XXVII – 4 \* National Maintenance Agreement

Subject: Article XXVII – Administrative Procedure

## **Cancellation/Revocation of Approved Site Extension Requests**

The Committee was requested to provide clarification whether a signatory Employer, or a participating International Union can cancel/revoke a Site Extension Request (SER) that was previously approved under the National Maintenance Agreements Policy Committee (NMAPC) Program.

## **Conclusion**

The Committee acknowledges that it is the responsibility of the Employer to request SERs on a location-by-location basis, and likewise it is the responsibility of the participating International Union(s) to approve or deny such requests in a timely manner.

The Committee reaffirmed that to protect the Client's/Owner's interest and assure the integrity of the NMAPC Program, an approved SER may only be cancelled/revoked by mutual consent of the parties, in writing.
