**The following constitutes an official action of the National Maintenance Agreements Policy Committee, Inc.:**

-----  
Bulletin No. XIII – 1 \* National Maintenance Agreement

Subject: Article XIII – Supervision

## **Guaranteed Forty (40) for Top Hourly Craft Supervisor**

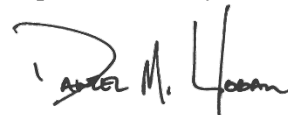

A question was raised regarding the proper compensation for top hourly supervisors when a recognized Holiday falls within the regularly scheduled work week, or when a top hourly craft supervisor is called-in on a Holiday which he/she is not scheduled to work.

## **Conclusion**

The Committee agrees that unless the Holiday is worked, the top hourly craft supervisor shall be paid in accordance with the guaranteed forty (40) hour provision as provided for in Article XIII, Section 2.

In the event that the top hourly craft supervisor is not scheduled to work and is called-in on a Holiday, he/she is entitled to the appropriate pay for the call-in hours in addition to his/her “guaranteed forty (40) straight-time hours”. For example, a craft supervisor called-in to work for four (4) hours on a holiday for which he/she was not scheduled to work would be entitled to four (4) hours pay at the applicable holiday rate, plus forty (40) hours pay at straight-time rate.
